

OSKAR LINDQVIST

Backend Engineer

Gothenburg, SE · olindqvist@example.com · +1 555 0100 · linkedin.com/in/olindqvist

Structural engineer who moved into software in 2020. Backend developer since, mostly Python and PostgreSQL. Available from March 2026. Authorised to work in the EU.

EXPERIENCE

Backend Engineer, Kvadrat AB (2021 - present)

- Build and run the quoting service in Python on PostgreSQL.
- Added REST endpoints for the partner portal and the Docker setup for them.

Junior Developer, Handelsbanken (2020 - 2021)

- Internal tooling in Python; first software role after the career change.

Structural Engineer, SWECO (2014 - 2020)

- Load analysis and drawings for bridges and civic buildings.

EDUCATION

Diploma in Software Development, Jensen (part-time, 2019 - 2020)

MSc Structural Engineering, Chalmers, 2014
